DWORSHAK NATIONAL FISH HATCHERY STEELHEAD BROODSTOCK RAW SPAWNING DATA – 1974

by

William C. Schrader

Idaho Department of Fish and Game (IDFG)

July 26, 2021

Following are the Dworshak National Fish Hatchery raw spawning data for steelhead broodstock recorded by hatchery personnel in 1974, specifically from 2/20/1974 to 5/15/1974. Included are the original hatchery data forms (ADULT RECORD, 106 pages) as well as any handwritten summary notes (no pages). All information was stored by Dr. Ted Bjornn (University of Idaho, deceased) and transferred from Dr. Christine Moffitt (University of Idaho) to IDFG in 2012. The paper sheets were then digitally scanned and are in their original form. The original paper sheets are archived at Nampa Research Anadromous Ageing Laboratory (NRAAL) located in Nampa, Idaho.

Interpretation by this author and others of various terms and notes on the paper sheets are as follows:

- "SC" (e.g. pg. 2) or "Scale" (e.g. pg. 4) followed by two numbers – the scale sample collected where the first number refers to the gum card itself and the second number refers to the location on the gum card where the scale sample was placed. Each gum card has 20 squares numbered sequentially. Acetate impressions were made of each gum card for ageing. Nampa Research has archived the original gum cards and the acetate impressions; digital images have been made of both.
- "BS" (e.g. pg. 2) or "Bone S" (e.g. pg. 4) or "Bone" (e.g. pg. 9) followed by a number – the bone sample collected for tetracycline mark examination, boney structure used is unknown. None of these samples remain.
- "D" (e.g. pg. 2) – dorsal fin was eroded.
- "DIP" (e.g. pg. 4) – died or found dead in pond, the fish was not spawned.
- "Marked" (e.g. pp. 2-38) and "Unmarked" (e.g. pp. 39-107) – this is the third year that the data sheets were organized and fish were sequentially numbered accordingly. "Marked" fish codes include "Ad" for adipose fin clip (e.g. pg. 2) and a number of different freeze brands indicating smolt release strategies. See *Hatchery Evaluation – Fish Marking* sections of previous Dworshak NFH Annual Reports for a complete listing of all marks potentially encountered.

The meaning or purpose of notes, abbreviations, or numbers that are not defined above were not determined during the review of these data.
